

SADDLE FINDER

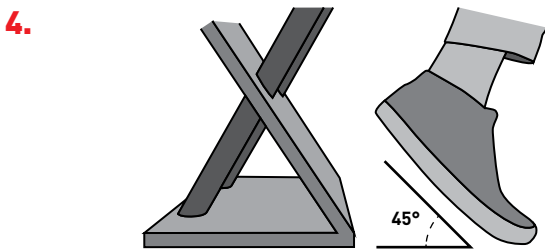

HOW IT WORKS

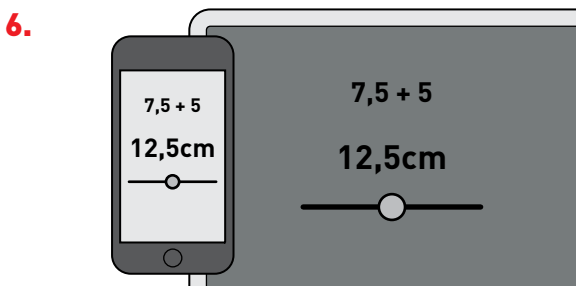

Saddle Finder helps cyclists and retailers to find the SMP models best suited to their needs.

Download the "Selle SMP" app available for iOS and Android or connect to www.sellesmp.com/saddlefinder

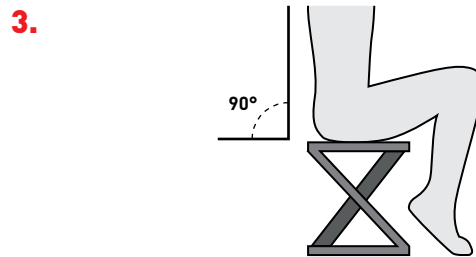

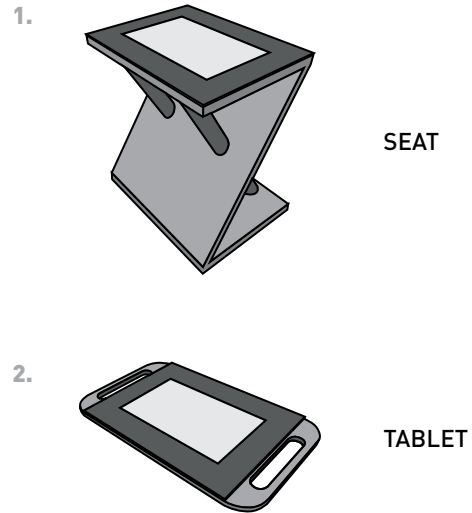

Place your feet next to S-Tool and raise your heels.

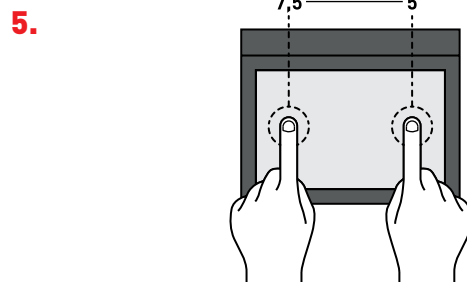

Find the width of the sit bones, adding the two numbers found.

SIT BONES MEASUREMENT TOOL

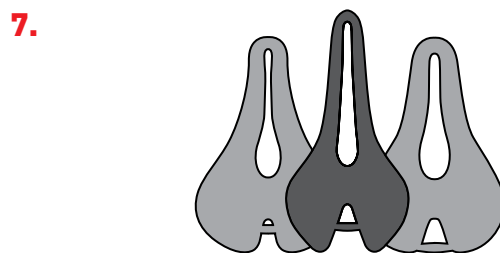

STOOL **SMP** Available in two versions

Sit on the S-Tool with the straight back.

Highlight with the fingers the center of the two imprints.

Saddle Finder shows the most suitable models based on the data entered.
